We strive to offer the highest quality religious education program and nursery care possible to the children and youth of our church by carefully selecting appropriate curriculum resources; by providing meaningful worship experiences; and by providing a nurturing environment for our children as they develop spiritually and ethically. We do this through a cooperative program in which we all share the responsibilities and work together toward this common goal.

We understand that today’s families face busy and demanding schedules, and we strive to keep the expectations for parent/adult involvement fair and specific. With this in mind, **each family with children participating in the Youth Religious Education (YRE) Program is asked to assist with the program activities ten times during the year.** Adults without children in the program are always welcome and encouraged to participate.
